

# GF-Primo Jib

Designed to carry 1 or 2 persons plus camera, the GF-PRIMO JIB is a stable, modular jib ideal for working on tight sets.

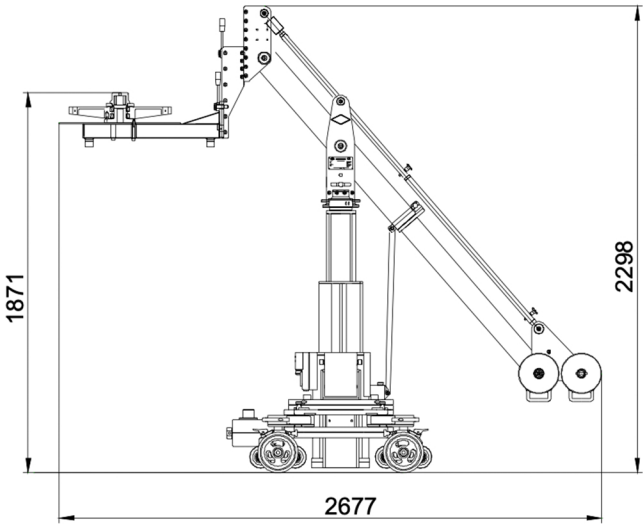

Mounted on the GF-Primo or GF-Secondo Dolly, it provides a lift range of 154 cm / 5' and with the rotatable bearing in both base dollies, 360° of smooth endless panning is possible, a feature enhanced by the GF-Primo's wireless mode.

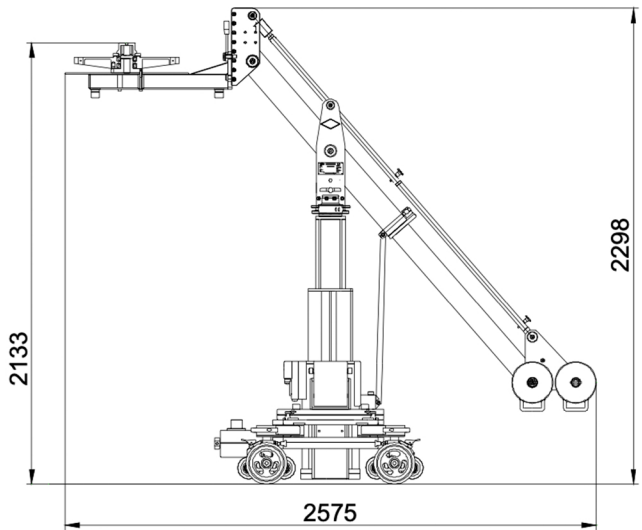

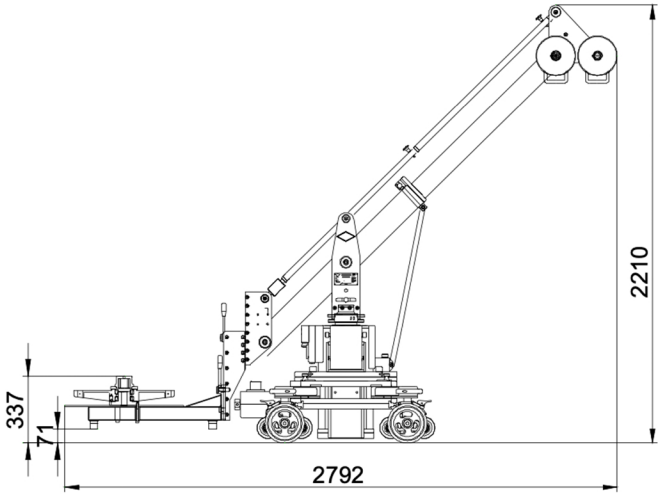

**Maximum Payload = 200kg / 440lbs**
